

## **FOLIC policy for the eligibility of Camp Sites at the annual draw**

As a result of questions and inquiries concerning the eligibility rules pertaining to the selection of camp sites at the annual camp site draw, the FOLIC executive is providing a clarification for the benefit of all members of FOLIC.

The annual draw is divided into three parts in order of priority:

- 1) Full FOLIC members
- 2) Associate FOLIC members
- 3) Others (friends and sponsored persons)

Full FOLIC members and Associate FOLIC members are those as defined and posted on the website. In recent years the executive of FOLIC required that sons or daughters over the age of 18 who no longer reside with the Full FOLIC member ( ie. no longer a dependant) must obtain an associate membership to continue to enjoy the facilities of Long Island Camp (ie as a camper etc.) and as such are not entitled to the same privileges as a Full FOLIC member.

- 1) On the draw night full FOLIC members who submit their names for the first draw are expected to occupy the site for the summer with dependant family members only.
- 2) A full FOLIC member may not secure or transfer a camp site for an associate member or any other person.
- 3) On the draw night associate members who submit their names for the second draw are expected to occupy the site for the summer with dependant family members only.
- 4) An associate member may not secure or transfer a camp site for any other person.
